As you can see, these premier pieces of content will not only automate your newsletter for several years, but also drive your newsletter to profit like you never thought possible. I want you to ask yourself one very important question... What would it be worth to you to have a newsletter ready to go, 2, 4 or even 8 years in advance (based on your publishing schedule) with absolutely no writing on your part? If you just can't stand the thought of long days and nights trying to produce content that may or may not produce any kind of sales, this is exactly what you've been looking for. Never before has there been a pre-made, 100 percent ready to go newsletter that you can just plug in, walk away from and forget while it generates profits for you. So, Does This Incredible Amount Of Pre-Made Content Cost So Much That Average People Like Me Can't Afford It? No way! The whole reason for this

system was, to make it possible for regular people to start getting their piece of the newsletter publishing pie. Of course, I could easily charge several thousands of dollars for this content because a quality article on a site like eLance costs \$30 and up on the low end and that means you are getting a minimum value of \$800 in content. The eLance writers won't come up with the ideas for you either! I've also come up with 100 extremely hot and relevant topics that will establish you as an immediate expert! That's a priceless addition. But keeping with my intention to make this affordable to everyone trying to make it with their own online newsletter, the cost is only going to be \$4.99!
