From rapping, to producing, to engineering, to graphic and web design, to being president of one of the first (if not THE first) internet-based record companies-Mad Thinkah Productions-this soon to be 18-year-old has a bright future ahead of him and will definitely make an impact on the world of music. His debut album, The Preface, has already received many great reviews from those who have bought it locally, as Artic's top-notch lyricism and on-point production bring much needed diversity to a stagnating rap game. No shoot-em-up-bang-bang here, just real songs from the heart, social commentary, tracks that make you bounce, and displays of amazing flow and lyricism. Real heads will love The Preface.
