GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: Who would have thought that two years ago six total strangers from opposite ends of the country would gather at the appointed time in the historic city of Boston to form DIVINITY. Under the leadership of Berklee College of Music Voice Professor Jerome Kyles: Yvonne Williams, Ellis Kojo Littles, Tiffany Anderson, Christina Devaughn, Matthew Borders, Dee Lavender, and Nicole Hurst blend their God given talents and gifts to lift and magnify the name of the Lord. With their interesting blend of Jazz, Funk, and Classical Stylings they transcend the medium of what's considered Traditional Gospel Music. The objective and message is simple, music comes from God so why not use it to further the Gospel. God has gifted every member of Divinity with several opportunities to share on all kinds of stages from the Opera House to the White House. They have been featured in theatre productions, musicals, jazz houses, and thousands of churches throughout the world. The window of Divine Destiny has come for Jerome Kyles DIVINITY and they are positioned to achieve the highest levels, all for the glorification of the Lord Jesus. To hear them is to be blessed, to experience them is to be changed and lifted by the ministry of Jerome Kyles DIVINITY.
