Easy Listening Jazz Hawaiian World Guitar Instrumentals 12 MP3 Songs EASY LISTENING:

Background Music, JAZZ: World Fusion Details: Guitars of Hawaii volume 1 was a wonderful opportunity to spotlight ten of Hawaii's most talented guitar players. It was my honor and privilege to have many of these fine artists return to the studio to contribute their efforts toward volume 2. I am thrilled that these talented individuals share my enthusiasm for this on-going project. I've now had the pleasure of adding some other fine names to the recording. Volume 2 includes a number of new additions you are sure to recognize. Once again, it's my pleasure to put Hawaii's finest back in the limelight. I'm eternally grateful for their talent and their continuing support as I present Guitars of Hawaii, Volume 2.
