

# Mp3 Lstl Music - Evolution

[DOWNLOAD HERE](#)

This CD contains soundclick's #1 rock pop pop chart song plus 5 chart topping soft rock hits 72 minutes of heart felt music\*\* dig it . 16 MP3 Songs ROCK: Instrumental Rock, POP: with Live-band Production

Details: Welcome to our world we hope to be a part of your musical endeavors. Let us take you on a soothing rock and roll journey. we hope you dig it Peace LSTL Why this name? well it's not hard to figure out it is our initials besides it's the music not the name, we figure anyway but we could be wrong ? Do you play live? when given the opportunity ;) How, do you think, does the internet (or mp3) change the music industry? exposure for indie artists and hopefully some fans Would you still sign a record contract with a major label? in a heartbeat !!!! we work way too hard for our dough :) Band History: 2 friends since childhood who played on and off over the years now(2003-04)expressing our emotions through music. Creating, playing and recording our original tunes live, raw uncut straight from the heart, What your about to hear is unique music in it's purest art form created live every note, every beat comes from our inner energy and musical emotions we share as self taught musicians lifetime friends, in our very new project we have had a # 1 pop song plus many rock instrumental #1's as well as many top 20 makers on MP3and now soundclick put on your headphones and become immersed in the experience of our Tunes. We hope you dig it We welcome any feedback or inquiries. Your influences? Hendrix,Clapton,Allmans,Skynyrd .....and It is the musical art at the moment of creation, It's the best way (the internet) for you to be immersed in the magic of our music. And for us, the opportunity to express ourselves through our music is what it's all about.Think about why you like music so much. You're surrounded by sound. You're not only listening, you're feeling the music and the emotional impact it conveys. Favorite spot? where ever we are playin' our tunes mostly my garage though that's where it all happens! :) Equipment used: oh... a Gibson Les Paul,Fender Strat Yahmaha Drums,keyboards Anything else...? Yeah, don't forget the

headphones Dig These tunes.....
