

Mp3 Peter Michael Richardson - Jesus, You're The One

[DOWNLOAD HERE](#)

Rockin' Christian music with an early edge. Recorded in the 90's and just now released on SongBird Records for you. Enjoy the music and writing of an older Rocker changed by the power of God. Jesus Loves You. 9 MP3 Songs EASY LISTENING: Love Songs, GOSPEL: Contemporary Gospel Details: This album took several years to produce. With the hard work of a few people, this collection of songs became an album. Special thank you's to Grady Ellis Trimble and the gang at Trimble Productions for all their time and efforts. All songs were given to Peter by devine revelation mostly early in the morning on weekends before services at the 'Born Again Believers in Christ Church' in Fairbanks, Alaska. Over the early morning hours, Peter would be over taken by the Holy Spirit and tought these timeless songs for the congregation. Then one day Grady while visiting his parents in Hot Springs, Peter called Grady and he invited him to come and record some of his ideas. One thing lead to another and the album was born. After the recording sessoins were over and Peter had his music in a format that he could use to sing in concert, a few years later, the Studio in Little Rock was in a fire. The only thing saved in the fire was the contents of this one metal box in the middle of the Tape Vault at the Studio remains. So, Grady called Peter and told him of the tragedy. He sent the master tapes to Peter and with his blessing said, "God must really want these songs heard! So do what you can with them!" Cdbaby has given Peter that avenue to showcase these songs that are survivors of the Fire so to speak! Talk About Jesus is timeless and we believe a hit at any christian radio market! Send Me had an actual native tribe singing in the background when a brother from Africa wondered into the studio while recording and said, " I really don't know why I am here!" and Peter chimed up, "I do!" and proceeded to milk the tribe out of the brother on tape! There are many other stories over the three years it took to record this collection of songs. Many people today are excited and encouraged at concerts, all around the country, as Peter sings these anointed songs with

the Love of Jesus in his heart! Enjoy the presents of the Lord and the timeless messages locked inside every track!
