

Mp3 Rupert Leighton - Take The Sidewalk

[DOWNLOAD HERE](#)

A sophisticated exciting blend of original compositions mixing jazz, sensual grooves and chill rhythms. 11 MP3 Songs JAZZ: Jazz Fusion, ELECTRONIC: Funk Details: Rupert Leighton released his debut album 'Beyond Reflection' in July 2005. The CD combined acoustic and electronic music, mixing funky grooves with jazz piano. The album achieved radio airplay across the U.S.A. as well as Europe and Australia, gaining a positive response from DJs and listeners around the world. One year on and Rupert's follow up album 'Take the Sidewalk' shows more sophistication and ability than its predecessor. From the punchy jazz caf style of Amuse-Bouche to the simmering grooves of My Sahara and the cool jazz of Drift Along, a truly sumptuous musical journey awaits when you Take the Sidewalk Pianist and composer, Rupert Leighton was born in Guildford, England in 1986. In his mid teens he discovered his ability to play and create music. Inspired by his parents' vast record collection, he began to write his own compositions whilst learning the rudiments of jazz and blues piano. His music has evolved to include a rich mixture of styles, creating his own individual sound. PREVIOUS REVIEWS "A great creator of sonorous atmospheres...original groove and stunning improvisation, rare refinement and rhythm" - SCAZOLLA GIOVANNI PIETRO (Radio Gold Popular Network) "A man beyond his years...A very bright future ahead of this young jazzman!" - DR.STRANGEDUB (KFAI-FM) "We love the music of Rupert Leighton. For all music lovers, no excuse not to have this CD right now on your players. No collection is complete without this essential!" - GI DUSSAULT (Upper Room Radio Show)
