franco-britannique electro-hop duo is sophie higgins who sings on tomtoy's notes. 10 MP3 Songs  
ELECTRONIC: Trip Hop, POP: with Electronic Production Details: In march 2005 english singer Sophie Higgins left London and moved to Paris to spend a summer singing on the quai de la seine, to crowds on bridges and in smoky jazz jams in the caves of St. Germain. Sophie met french composer tomtoy in a night club. After writing and recording the vocals for a track with erinne rung (tomtoy's other collaboration project) they soon decided to get together to make an album, under the project name of season shifters. 8 months later... after a very cold Paris winter...and here it is.
