

## Mp3 Semaphore - Make

[DOWNLOAD HERE](#)

Electronic music with an industrial edge, offering breakbeats, smooth tones, melodic movements, and harsh synth and guitar. 12 MP3 Songs ELECTRONIC: Industrial, ELECTRONIC: Breakbeat/Breaks

Details: 'make' is semaphore's debut album of 12 songs, started in 2003 and finished in late 2004. The music has been composed, produced, and mastered by Kirby Clements (semaphore). The album was created and finished in Portland, OR, using 24bit recording, a Macintosh, and various digital devices. Currently, semaphore is working on his 2nd album, which is headed toward a much grittier, industrial path. Vocals, guitar, and bass seem to be dominating this album so far. The 2nd album should be due out sometime in 2005.
