These personal songs of worship express her sincere heart to love and magnify God in every area of life. She and her husband Christian Rawalt have led worship at various churches, camps and conferences across Alaska for over 15 years. Her music-writing began in the mid 1990s and were featured in the 1999 collaborative CD entitled By His Spirit a worship project. Since then, she has written dozens of songs for many different occasions. This new CD Our Saving God is the beginnings of those songs making it through the production and recording process, but they are not the last! These songs encompass many of the characteristics and the greatness of Jesus Our Savior! He is active in our daily lives. We can run to Him to find mercy and grace in our time of need. He receives us and restores us. He pours out His astounding love and meets our deepest needs. The only response we can offer is a life surrendered to Him to glorify Him in all the earth! He is the reason to sing! He is the reward we have in this life and to come. That is the message of this CD.
