

Specific Intermolecular Interactions Of Organic Compounds

[DOWNLOAD HERE](#)

From the contents: Reverse Dative Bond in Organic Compounds, Molecular Complexes and Inconsistency of the sp^3 -Hybridization Model with Respect to Carbon Atom.- Nontraditional Approaches to Thermodynamic Analysis of Liquid Organic Compounds.- Types and Energies of Specific Intermolecular Interactions in Ethers and Organic Cyclic Oxides.- Specific Intermolecular Interactions of Ketones.- Types and Energies of Hydrogen Bonds and Specific Intermolecular Interactions in Alcohols.- Specific Intermolecular Interactions and H-Bonds in Aldehydes and Esters.- Types and Energies of Specific Intermolecular Interactions in Carboxylic Acids.- Specific Intermolecular Interactions in Hydrocarbons. EAN/ISBN : 9783642216220 Publisher(s): Springer, Berlin Discussed keywords: Organische Stoffe/Verbindungen Format: ePub/PDF Author(s): Baev, Alexei K.
