William Wells Brown's *Clotel* or, *The President's Daughter* is often considered the first novel by an African-American. When the book was published, Brown himself was legally the property of someone else within the United States, having escaped from slavery in Kentucky when he was younger. In this story President Thomas Jefferson and his former mulatto mistress Currer have had two daughters together: Althessea and Clotel. When their master passes away, their relatively comfortable lives are swept away and Currer and Althessea are bought by the harsh slave trader Dick Walker.
