Maroon 5 Dave Matthews should consider this download. Details: Chris Cade aka Christof Zaneccchia is an italian American who has lived in Europe more than half his life. He has come to understand the power of music through his studies at the prestigious Berklee College of Music, but more importantaly through life lessons and the musical gift he has imparted to fans, friends, and family alike. Chris' natural talent for rhythm, harmony, and sense-bound melodies have driven him on a journey that has lasted more than a performance or a popular music composition. As a singer-songwriter, an accomplished guitarist and producer, Chris has found his place in the music industry where Hip Hop, Rhythm and Blues, Rock and Acoustic sensitivity collide. As the great Chris Martin sings off the latest Coldplay Album, "I'm just a prisoner in a rain of love", Chris Cade shares a responsibility that great musicians have to impart the comforting gift of music which we all are so inescapably drawn to in our daily lives. Chris Cade embodies the true spirit performing live, of what it really means to have nothing to lose but all to give in a world where our lives go by so fast we barely have enough time to stop and realize how special each and every moment really is. Catch Chris Cade performing live at a venue near you, and come prepared to have a good time! Tags: pop
