Vocal instructional cd for singers 8 MP3 Songs SPOKEN WORD: Instructional Details: Learn Speech Level Singing, the technique that has assisted over 100 Grammy Award winners, countless Broadway performers and internationally known Opera singers! The key to Speech Level Singing is in understanding the "mix." The mix is what gives women those incredibly high and strong R&B and Gospel notes so necessary in music today. The mix is also what gives men those strong, clear high notes needed for Rock, Pop and Country. In this informative CD, produced by the Goodrich Vocal studio, you'll hear over 60 vocal examples of correct and incorrect vocal technique as well as learning about Seth Riggs, the originator of Speech Level Singing. You'll discover the importance of recognizing the "bridges" in the voice- the key to the high notes in both men and women. "...I am thrilled to have found you and I'm so excited about where my voice is going! My mix is stronger than ever and I know it's because of your technique and exercises. Thank you!!!" -Sutton Foster 2002 Tony Award Winner, "Thoroughly Modern Millie" (Millie), Broadway "...my high mix is clear, strong and completely unstrained. I'm no longer afraid of those D's and E's..." Kennya Ramsey, "Tommy," Acid Queen. "RENT," Broadway "...my high notes are effortless and consistent for the first time in my career." -Calvin Grant, "RENT," Broadway. Learn the vocal technique the professionals count on for longevity, strength and consistency.
