Details: Ray Riendeau on bass and Joe Morris on drums. This records takes some different turns. A pounding rythm section. These guys are freaks. Both have been A list session cats for quite awhile. This is where they let their hair down. Monster grooves. Bass playing like I've never heard. Maybe this is why they started calling Ray "the Clinics Clinician" WOW chops chops chops. Great arrangements that really spread things around. Melodies from many different places. This is a cool record.
