Quote from a New York music critic: "I have heard 'Silent Night' a thousand times. This is the first time I ever recall listing to it. Unbelievable! I let the album continue and it got better and better. 'Twas The Night before Christmas' is an over, and over, and over experience. Great work Katiah" (F.B. Burch) "Ya know, I've worked with a lot of the giants of our time, Elvis, Brenda Lee, Charlie Rich, Rickey Nelson and many - many others. Kathy Hill aka Katiah has that same "something" as those great talents. I hope you enjoy these seasonal songs as much as I did in the making of them with Katiah." (Gerald Nelson)
