High-energy guitar-driven electric blues with doses of rock, soul and funk featuring original songwriting spiced with tongue-in-cheek lyrics. 13 MP3 Songs BLUES: Electric Blues, BLUES: Rockin' Blues Details: People are talking about Luther Badman Keith, a late comer to the blues scene who has been winning fans over with his take no prisoners approach to the blues. The Detroit, Mich. native brings original songwriting, mixing humor and social commentary, a nasty, yet tasty, guitar tone, and tons of energy every time he takes to the stage. Add to that his roaring vocal styles, and it's easy to see why the house wakes when Luther fires up. Keith's biggest influence is the late Luther Allison, the first blues guitar player Keith saw play live, immediately convincing him that he wanted to get a guitar and play the blues. Eventually Keith jammed with Allison, to whom he has dedicated his debut CD, Badman. Keith's CD reflects a wide range of influences and moods, from rock to classic blues and soul. "I try to keep things interesting," explains Keith, who didn't take up the guitar until he was 30 years of age. "I always am hearing things in my head, and that's what's on my CD."
