

Mp3 Music 2 Educate - Explore The Earth!

[DOWNLOAD HERE](#)

"Explore The Earth" is a great tool to help students of all ages learn more about the planet we live on. The songs are easy to sing along too and have a folksy - pop feel. There's also a few 'green' songs to encourage us all to respect the Earth a little 10 MP3 Songs in this album (25:58) ! Related styles:

KIDS/FAMILY: Educational, KIDS/FAMILY: Sing-Along/Interactive People who are interested in Sesame Street Woody Guthrie John Flansburgh should consider this download. Details: Music 2 Educate is an educational record label created by singer/songwriter Janine Cooper Ayres. After many years of playing and performing in several rock bands she teamed up with friend and co-writer Lonnie Martinez to form "The Sunshine Sisters" (good music for good kids). It was during that time that Janine discovered she enjoys writing songs that help students learn as they sing along. She has since released four CDs. Please visit music2educate.com to hear samples of more of her music.
