Not slick, not tight, not over produced. 10 MP3 Songs COUNTRY: Country Rock, ROCK: Folk Rock  
Details: Attention. I would like to say to all the people out there that think my song, "If Ida Known" advocates the use of drugs need to go to my lyric page at my website and study the lyrics. I think you'll change your mind if you do. A few years ago I was listening to a comedian on the radio talk about things that you would never hear a person from the south say. One of those things was, "Alex, I would like Shakespeare for a thousand". I guess there is a lot of truth to what he said. I decided that would make a good name for a band. I began work on this album about 3 years ago. This project started out as a sampler to send to other artist in hopes they would record my songs but developed into a larger collection that others encouraged me to sell as an independent artist. I appreciate you taking the time to read this and hope you make this cd a part of your collection. Darrell Kolb ( Shakespeare For A Thousand)
