80's Punky, Performance Art Cabaret, featuring red-hot vocals and quirky songs about everything from PeepingToms to Cybernauts. 9 MP3 Songs POP: Quirky, ROCK: Punk Details: If you like 80s performance art, Danny Elfman's Oingo Boingo and Kate Bush, you'll love Freud's Funhouse! Wacky and irreverent, this quirky collection of song-stories will take you from the Bavarian Beer Hall waltz of Pansy to herky-jerky kazoo solos in Xray Eyes, to the ethereal Sci-Fi ballad Cybernetic Man. Add great vocals with punky-funky musicianship and you've got a view into the underbelly of society that's Freud's Funhouse. Musically eclectic, Freud's Funhouse carries you into the world of insane asylums, peeping toms and aliens posing as humans. A bit off-kilter, this CD will amuse and entertain those who want to hear something a bit off center!
