POP: with Electronic Production, ELECTRONIC: Pop Crossover Details: ANNY Born and raised in Chicago, Anny knew at a very young age that she wanted to sing. She also knew a conventional career path wasn't right for her. So, she packed her bags, and moved to Los Angeles where she quickly picked up gigs writing for other recording artists. Growing up, she enjoyed traveling to distant lands, exploring different art forms, and observing other cultures. She loved dressing in crazy colors and eventually began wearing her trademark glitter. All of these fun quirks, intellectual pursuits and life experiences molded Anny into the unpredictable, thought-provoking, well-rounded artist she is today. Connection is the much awaited follow-up to her thought provoking debut, Strange and Beautiful. Where her first album flirted with more serious topics, her most recent release sheds a more blissful light on the face of her songwriting. Once again teaming up with producer Craig Snider, whose experience working with such artists as Madonna, Mariah Carey and Gloria Estefan, helped create the breathtaking sounds in Anny's new CD, Connection. Anny's artistic journey is well on its way, as she looks forward to making lasting connections and touching lives through her music. She hopes you'll come along for the ride.
