Songs that straddle power pop influences with the alternative modern rock bite of Weezer 10 MP3 Songs
ROCK: Modern Rock, ROCK: Emo Details: The legend of Big Stick Friday was born as three kids shared a tasty frozen treat and an idea that good friends and loud guitars are what make the world go 'round. Years later Orange County Music fans once again marvel at the high energy shows, the heartfelt songwriting and the genuine family feeling that BSF brings with them wherever they go. Band members David, Jim and Mo create an exuberant, soulful, energized sound that looks straight ahead and declares; ROCK IS NOT DEAD. Nice Guy Convention is the debut full length album for Big Stick Friday
