Hot Rod Hillbilly Funk 13 MP3 Songs ROCK: Funk Rock, ROCK: Rockabilly Details: Take the legendary, influential styles of Johnny Cash, Elvis, George Clinton P-Funk, The Red Hot Chili Peppers, Junior Brown . . . throw in some gear jammin', tire burnin', bootie shakin', wheelie poppin' fun - you know what you've got? The electrified 'hillbilly funk' of the Brethren Fast Racing Team! Over the years, each of the Messina brothers have developed their own styles by playing in different bands. About five years ago those styles hit a common chord when the 'brothers fast' decided to join forces. Combining Don's old school rockabilly influenced guitar licks with Mik's 70's funkified bass grooves wasn't easy at first; but with the addition of our rockin' skin man Nate, thousands of hours of playing, and hundreds of shows under their belts - the band has fused together to create their own unique style of music . . . Electrified Hillbilly Funk!
