Irish Music-Rebel and Traditional. dennisandavid have put together a great collection of both the great Irish rebel songs that you know, plus some originals that are quickly becoming favorites for those who love Irish music. 15 MP3 Songs WORLD: Celtic, ROCK: Folk Rock Details: dennisandavid began singing together in 1964, shortly after they both became enthralled by the possibilities that they saw and heard from The Beatles. Over the years, they have played together, separately and singly. Beside their interest in The Beatles, the vocal sounds of the R&B music of the sixties captivated them and they write and perform music in that style. Both of the lads are of Irish heritage and they discovered their love for Irish music together. This is now as important a part of their performances as the classic rock and roll sounds are. They write their music collaboratively, whether it is Rock and Roll or Irish Music. It should be noted that while they both sing, David is the musician of note, while Dennis is only the drummer.
