Contemporary jazz vocal; romantic yet thought provoking; steeped in the jazz tradition yet distinctive and forward looking. 6 MP3 Songs JAZZ: Jazz Vocals, LATIN: Brazilian Jazz Details: ERIC STARR is an exciting new artist on the international jazz scene. A native of Western New York, Starr now calls New York City his home, where for many years he has fronted the critically acclaimed Eric Starr Group. A collection of original vocal jazz tunes, SHE highlights not only Starr's performance abilities on numerous instruments, but also his ability to write and arrange music for a variety of ensembles. Each track is steeped in the jazz tradition yet Starr's musical conception remains fresh and distinctive throughout. Featured musicians on SHE include longtime Sting guitarist, Dominic Miller, Bill Bruford, McCoy Tyner and Gil Evans saxophonist, Iain Ballamy, and Starr's brother, Nelson on vocals. Pianist Kenny Ascher (1979 Oscar nominee), trombonist Alan Ferber (Charlie Hunter, Don Byron), trumpeter Jim Rotondi (Toshiko Akiyoshi), bassist John Flaughner (Jane Monheit), and Starr's father, Nelson Sr. (Tommy Dorsey Orchestra) round out the superb mix of musicians featured on this disc. Together with rich string and horn arrangements, this impressive list of performers brings to life Starr's unique musical vision. SHE, has been hailed by Artvoice newspaper as "sweet sounding gold," and according to The Buffalo News, Starr's compositions "breathe the heady ether of the music of the spheres." BestofWNYhailed Starr as a "Music prodigy" and "A rising national talent." Ipirotikos Agon (a Newspaper in Greece) called the music on SHE "ravishing" and "glorious euphoria." Further, jazzreviewlabeled the album as "inventive" and "exciting." Jazz Dimensions (Berlin, Germany) called SHE "a beautiful first album with inspired music." The Album's official release coincided with a SOLD-OUT concert at LINCOLN CENTER FOR THE PERFORMING ARTS on February 13th, 2004. Currently, SHE is receiving radio airplay on college, commercial, and online stations in the US, Canada, and Europe. For more information, news, and updates see:
