

Mp3 Lady Wallace - Music To Watch Avatars By

[DOWNLOAD HERE](#)

From the virtual world of IMVU to your cd player: an EP filled with new music and exciting remixes in different styles. 8 MP3 Songs in this album (45:23) ! Related styles: ELECTRONIC: Ambient, EASY LISTENING: Vocal Pop People who are interested in Sade Moby Joni Mitchell should consider this download. Details: Lady Wallace - "IMVU's first virtual recording artist" - switches to physical CD for her second single (also distributed in all major digital music outlets) and with the help of different producers and remixers delivers 5 brand new versions of "Goodbye", two "Prototype mixes" and a version of her original digital single "Lady Wallace Sings" that appeared in the IMVU Music Store in december 2008 topping the charts in less than a week and outselling several major label artists just before Christmas. Lady Wallace creates/writes/produces (often in team with husband Lord Wallace); remixers AmBeam, Dementio13 and Bonanza add their own touch to create different versions of "Goodbye" in various electronic styles from Ambient to Trance, from Synthpop to Downtempo.
