Details: This is the first album ever recorded by Pete Miles. He has went on to record five other albums. This album was never really promoted but yet it kicked off his thirty years in the Industry and caught the attention of almost every major artist at the time it was recorded. It was one of his albums that helped make country music get to where it is now. Pete was born in Huntsville Texas In 1964, to Sherman and Darlene Miles. His childhood was spent on ranches and around the music business due to his aunt being married to George Jones saxophone player. He was always around folks like Willie Nelson, Larry Butler, Merle Haggard, Gary Stewart, Johnny Paycheck, David Allen Coe, and Waylon to name a few. His songs reflect his upbringing and he learned from the pioneers in the industry. If you miss the chance to get this album you have greatly missed a calling to country music. So get an album and spend a day with an artist that will truly tug at your heartstrings and bring a smile to the places where you frown. He's good and he's so down to earth he doesn't know it, he just loves what his songs do to help other folks. TAKE HIM HOME YOU WON'T REGRET IT!!!! Country Daily
