Contemporary vocal led synth/dance pop with an 80's influence. Wistful yet uplifting. 10 MP3 Songs POP: with Electronic Production, ELECTRONIC: Dance Details: Contemporary, vocal led synth dance/pop with an 80s influence. Wistful yet uplifting. Since our last album we have concentrated on a more upbeat dance/synth pop approach, whilst maintaining our trademark melodic, sometimes dark, melancholic sound. The album kicks off with Hold Me and Bad Weather, both of which are simple, direct pop songs with catchy choruses and strong vocal harmonies. Other songs take in 80s pop, dance and more downbeat/chillout styles. As usual we like to offer you, the listener, a varied and absorbing listening experience!
