Study the tips. Some you already know, no doubt. But even with 101 or 1001 tips, you'd still need professional advice - you managed to eliminate the real estate agent, but you'll still need your lawyer (or notary) and your accountant. You need to consult with other professionals as well - like the professional house inspector who can dish out valuable advice about

repairs and maintenance. These tips can help you map out a selling strategy for your house, and when you turn the lock for the last time, you'll come out of the experience wiser. And yes, wealthier, too. The confidence you gain by getting your feet wet the first time could - who knows? - make you want to do it the second time, and then a third time... and more!
