

American Bison - Meryl Magby

[DOWNLOAD HERE](#)

The American bison is now making an impressive comeback, after nearly being wiped out in the nineteenth century. While we may never return to the days when tens of millions of these mighty animals roamed the plains of North America, the growth of bison populations has been encouraging. Readers will learn a wealth of information about these mammals, which are also known as American buffalo. Clear text and beautiful photographs highlight North America's most massive land animal.
