SPREAD THE CHEEK. 12 MP3 Songs POP: Party Pop, EASY LISTENING: Crooners/Vocals Details:

Originally named "Free Beer", the trio had no trouble luring thirsty patrons to their shows. However, they soon dropped the name "Free Beer" due to its blatant disregard for the truth and its immature reflection on the band. Taking a more serious look at themselves, they decided on the name 6cheek, as all three members had two cheeks each, adding up to six. 6cheek's members widely vary in musical taste, creating a proverbial melting pot of musical genres. Their tastes vary within the trio from folk to hip-hop to hard rock. The result is a sound unlike most that is both versatile and minimalist at the same time. The trio also has the ability to switch instruments with one another depending on the arrangement of a song. The overall impact of this is the ability not only to sound different from song to song, but to appear different as well.

Wesley Keith - Vocals/Guitar/Piano/Harmonica A poet since he was a child, Wes picked up the guitar in the late 90's and began writing his own songs soon after. As a solo act, Wes had been based out of the Virginia, until 2004. He then lived abroad in London for 6 months, quickly finding his niche in the music scene and performing in both pubs and coffee shops every week. Returning home to NJ in 2005, Wes finally realized that 6 cheeks are better than his 2 alone, and so 6cheek was formed.

Justin Papp - Drums/Bass/Vocals A NJ native, Justin is a musician of undeniable versatility with respect to genres as well as instruments. He initially learned drums, and eventually took on guitar, bass, guitar, and singing . In 2005, after a 12 year relationship with music, destiny united Justin with 4 other cheeks to form 6cheek.

Jer Fraites - Keyboard/Piano//Drums/Bass Jer has been surrounded by music his entire life; from performing at local "talent" shows to creating music in his garage with his first band, "Bungalow." Fueled by the tragic death of Joshua, his 19 year old brother, Jeremy knew music would be his solace. Now, 4 years later and 4 cheeks stronger, Jer rocks with 6Cheek. So keep an ear out, and if you like what

you hear, "Spread the Cheek" to a friend thanks.
