A DOUBLE DISC from backwoodz studioz beat conductor DR. MONOKROME. Two EP's featuring two different groups, all flowing over MONOKROME's distinctive sound. Feat. billy woods, Thrill Gates Priviledge, its another flammable backwoodz science project 24 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Alternative Hip Hop Details: PLEASE NOTE: THIS IS A DOUBLE CD! The boys in the woodz are back at it and they brought a Doctor this time. After carving out a niche as one half of genre-busting production duo Aerotaxi by doing production for Cannibal Ox, Vordul Mega, billy woods and several indie rock bands, DR MONOKROME (formerly known as BeepBeep) strikes out for himself with a double EP. He lays down two entirely different soundscapes for two different groups, NPR MAD. NPR is Network Pirate Radio consisting of Dr Monokrome and Priviledge. Edge holds down the mic for dolo, while Monokrome contributes intricately layered, dense beats. Set up as a radio broadcast, All Things Considered is a thematic journey crammed into an EP that will leave you wishing for more. M.A.D. is Mutually Assured Destruction, billy woods and Thrill Gates spitting their way through time over Monokrome's sparse arrangements. In early 2004, sequestered in the woods for a week, they ate, slept and breathed nothing but beats and rhymes and came out with a map to the future. Thematically tight, flawlessly produced and completely unorthodox, this EP is a one-of-a-kind project that will be much sought after in the future. Basically, this is a limited edition Double EP of some artists that are making names but still bubbling under the surface. And they don't need to come up for air, there are plenty of trees in their part of the underground.
