The Light of Midnight is haunting, yet uplifting, music comprised of piano, synthesizers, effects and ambience. 10 MP3 Songs NEW AGE: New Age, ELECTRONIC: Soundscapes Details: The Light Of Midnight began as beautiful piano music surrounded by synthesizers and effects. A choir added an angelic touch. Then, one summer night we recorded a magnificent loon calling to its mate. Haunting, yet uplifting, it gets better with each listen. Ed Van Fleet is a successful composer of instrumental music with 20 albums released. His recordings have sold over two million copies, with "The Light Of Midnight" selling 150,000 units. He has created soundtracks for 17 films and documentaries, including the Peabody Award winning "Moonshot" which commemorated the 25th anniversary of the Apollo moon landing. His music has also been featured at the Smithsonian Air and Space Museum in Washington, DC. In 1990 he pioneered the concept of the in-store interactive listening display and received a patent on this technology in 1994. He remains active as a full time composer and records/produces other independent artists.
