

Mp3 M-seven - Activate

[DOWNLOAD HERE](#)

Drifting instrumental compositions for your imagination. Cinematic atmospheric soundscapes combined with mantra downtempo rhythms and shifting sequences of flight exploration. A fusion of electronic, ambient and experimental sounds. 17 MP3 Songs ELECTRONIC: Down Tempo, ELECTRONIC: Ambient

Details: m-seven has been producing electronic music for over a decade. With over 100 combined releases and remixes for major and independent labels from around the world this dynamic producer/composer has earned three Juno and four Much Music video nominations, and has been featured in reviews by Billboard, D.J. Mag, Ministry of Sound and Mix Mag. m-seven's list of releases includes all genres of electronic music, but his recent work focuses on ambient-electronic and breakbeat grooves. His latest effort is a solo ambient-electronic, non-stop mix album titled "Activate". "Invisible" track is featured on: Cafe del Mar label (Ibiza), "Cafe del Mar, Volume One" cafedelmarmusic.com/ "Electronic Flip" track is featured on: Interchill Records Compilation "Earth Octave Lounge vol.2" interchill.com/ "Spiritual Spy" track is featured on: The Lounge King "FSM vol.3" theloungeking.com/ M-seven interview with Cuemix (Germany) Electric Animals Issue.3 cuemix-magazine.com/PHPnuke/index.php C.D.Review 365Mag International Music Magazine

365mag.com/index.php?pg=mucd&recnum=2101&realname=Activate+++M-Seven+++365MAG+International+Music+Magazine Currently, m-seven is working on his second solo album; scheduled release 2006.

m-seven would like to thank everyone who has purchased or downloaded the Album. Your support is greatly appreciated. "Creating and understanding the mechanisms for the possible. All an elaborate illusion to further ourselves from becoming the impossible. Discovery is a hoax, a reason to convince ourselves that we need to solve the equation before we are able to believe that the imagination is reality. An endless experiment where the ultimate solution requires no explanation"
