A rare lyrical talent from the South speaks the real over unorthodoxed hard and jazzy oriented production. Features the ALCWoodD Ryderz. Definitely one of a kind A sure BANGER.. 17 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: The gift of spittin rhymes and producing instrumental patterns to hypnotize listeners was innate for P-Dash. At an early age he adopted a fond interest for music and in the process discovered his own talent. Straight from the Alcolu, S.C. backwoods, this young, yet seasoned MC is on a mission to not only strengthen the respect of southern MCs in the rap game today but most of all to put South Carolina on the map with a heavy hitter. The initial effort "P-Dash Da Yungstar" only displays potential and not the peak of his skills as a artist and producer. Definite potential to be the next big thing in not only rap but music in general.
