[DOWNLOAD HERE](#)

Sounds like Santana sitting in with Booker T the MG's playing James Brown instrumentals in a Velvet Underground kinda way. Sorta. 14 MP3 Songs  
BLUES: Jazzy Blues, BLUES: Rockin' Blues  
Details: Funky/bluesy/jazzy guitar riffs over funky grooves. A cross between Santana-inspired guitar rock and James Brown inspired funk beats, this cd has more instrumental soundtracks for your long drives and chillin with your friends. Funky but not Funk, bluesy but not Blues, jazzy but not Jazz, rocking but not Rock. You got a name for it? Whatever it is, it is simple and kool.
