The musical equivalent of a hopped-up 60's American muscle car. 8 MP3 Songs ROCK: Hard Rock, ROCK: Roots Rock Details: The follow up CD to the first tongue-in-cheek release by Jerome O'Brien ("demo"). This one is much faster, louder and just plain more rocking than the first. If you like early Elvis Costello, early Who, Kinks or The Jam- this is your record. Great hooks, an explosive rhythm section and gritty guitar solos with thoughtful yet irreverent lyrics.
