"the best vocal group in the country"...David Crosby. Acoustic Rock with 4 Part Harmony 12 MP3 Songs
FOLK: Folk Pop, ROCK: Acoustic Details: Venice Venice is a band comprised of two sets of brothers, Michael and Mark Lennon and Pat and Kipp Lennon. They are cousins who were born and raised in Venice Beach, California and they have been a staple on the California Club scene for years. They are known for their incredible 4 part harmonies and live shows. David Crosby has hailed Venice as... "the best vocal group in the country". Venice has toured or recorded with the following artists: Jackson Browne, David Crosby, Stevie Nicks, Warren Zevon, Phil Collins, Sting and Cher, just to name a few. In these days of lipsyncing and commercial manufacturing of artist and music, Venice is a breath of fresh air. Writing songs and performing live is what they do best. Just watch their live DVD, "Venice, Live at the Royal Carre Theater" and you'll see how real this band is. They recently returned from a sold out tour in Europe and they plan on focusing their attention on the U.S. in 2006. The Southern California sound is back with a new face and a new but familiar sound.
