Inspired by the success of two of her friends in turning around their marriages to overbearing husbands; Corinne Beswick looks back on the events that changed the life of both herself and her own overbearing partner, Robin. After a Girly evening at their friend Corals house, Corinne and Mandy find themselves on

the end of what they take to be a practical joke as Corals previously manly and authoritarian husband, Nigel, waits on their every need and, even, seems intimidated by the wife he had once rode roughshod over. But its only after he is sent to bed early by his wife that Corinne and Mandy learn what theyve just witnessed is no joke at all. When Coral goes on to tell them of her affairs with well-hung black men and her husbands knowledge of them together with his unwilling yet increasing subservience to her; they still find it hard to believe. Until, that is, Coral explains exactly how she went about it and the help she received. Inspired by what they hear, Mandy and Corinne, one after the other, take Corals route and, in the process, change both their own and the lives of their husbands in the process. WARNING: Story contains scenes of an explicit sexual nature.
