Atlaz is a artist like Jay-z or T.I. because he is a leader he's trying to start a whole new epidemic with his music, his music sounds like Human crack because it sticks with you 12 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Rap Details: Intro: At Last The ATLAZ Is Here To Take Over The Map. Was good world I bring you a new evolution of Hip-Hop at its best. Was good world at last the ATLAZ is here straight from Chicago. Right now ATLAZ is in the process of putting together his solo album called The International Globe Trotter so be on the lookout for that. Also if you know anyone looking to sign a hot hip-hop artist or who has good connects please get in touch with ATLAZ and also Thank everyone for your time and one luv Bio: ATLAZ is a good candidate as an inspiring artist because he has mastered a different style of music. He brings A multitalented style to the game. As an artist ATLAZ has a message, and mainly his music focus is trying to reach out to the world in a different way. Atlaz looks up to artist in the industry who have paved the way for up and coming new talent, and as an artist he really likes Jay-z, and T.I. Jay-z and T.I. stick's out to ATLAZ because if u look at both of there careers they brought a whole new evolution of music to the game and this is one of many goals that ATLAZ plans to accomplish. Through music ATLAZ is trying to send a postive message, "be yourself stop trying to imitate the lives of others and live your life the best way that you know how". "This is why alot of young brothers cant live there lives full because they are too busy trying to live someone elses life". "If you live your life 100 percent you will obtain much more success". Take ATLAZ for an example he is not a gangster nor A thugg or trying to be. However he is an everyday college student and A everyday average person and he just made 21 today, and through the time I was able to spend with him I personally believe he has more since then alot of grown men. He has more of a of A Ludacris or Nelly style with the music as far as trying to make music that people will like, and his philosophy is simply trying to enjoy life instead of Ready to

Die he isnt afraid to say he wants to Continue to Live. But at the same time the reality of life also allows ATLAZ to add music that everyone of all ages and race could listen to or vibe with. As I earlier stated ATLAZ is in the process of putting together his first album where as he found his own production, and made it possible so that his album is completly mastered and everything is done professional. How ever he need's the help from a label so he is able to push his album over the hump, and into the hands of his loayl fans. Currently ATLAZ has a myspace page, and I can personally vouch for him and say people are very supportive of what he is trying to do. Alot of people continues to support his music very strong, and its A very high demand for him to finish his album so therefor people are able to make a purchase. ATLAZ is ready to take it to the next level so he is able to attaine greatness, and help make the world a much better place through music. ATLAZ is not a fraid to reach out and be a leader. Also keep in mind ATLAZ iscurrently putting his project together on his own. "A LEADER IS ONE WHO KNOWS THE WAY, GOES THE WAY, AND SHOWS THE WAY. LEADERSHIP IS THE CAPICITY TO TRANSLATE VISION INTO REALITY. LEADERSHIP IS ACTION, NOT POSITION. SEE BEYOND THE ORDINARY" Contact email: Atlaz_1@yahoo cell: (708) 2710764 myspace: myspace.com/atlaz Thank you for your time and have a blessed day.
