Atlanta based Singer/Songwriter Doria Roberts has released her fifth recording project, a new 26 track, live disc entitled "Alive Well" (out March 8, 2002). The album is a culmination of solo, band, spoken word and storytelling performances from shows captured live at Eddie's Attic (Decatur, GA) and the Red Light Cafe (Atlanta) in June August 2001 and January 2002. ABOUT THE CD (in her own words...) "I had been planning on releasing a live album for awhile. "I released an authorized live bootleg in 1996 by the same name but it was a limited release (currently out of print) and it kind of got lost in the shuffle when I relocated from Philadelphia to Atlanta." "'Alive Well' is a lot more lighthearted than my other releases. I always hope to produce something "real" and accessible, but for this recording, I also wanted focus on laughter, laughing at our imperfections, surviving, living and moving on." "So, I left in a lot of stories, a few missteps and some priceless audience interaction. It's just a LOT of fun. Enjoy it!"
