

## Mp3 Eternal Decision - Ghost In The Machine

[DOWNLOAD HERE](#)

Mix of Metallica, Pantera and Alice In Chains. Slightly more alternative sounding due to Dave Perkins vocals, yet heavy hitting. A great mix of styles makes it interesting throughout. 12 MP3 Songs METAL: Power Metal, ROCK: Hard Rock Details: Eternal Decisions Sophomore album released in the summer of 1999, Ghost In the Machine had 2 songs reaching the top 5 in the Pure Rock Report. Blindsided and Breaking. The band brought in Dave Perkins to share in vocal duties along with Joe Chambless. Charting new territory both musically as well as lyrically. No 2 songs sound alike as with most metal albums. The creative lyrics challenge the listener in many different spiritual aspects for an interesting listen while leaving them uplifted. A very strong second album by this Oklahoma band.
