

Mp3 Jill Stevenson - 1308 Ditmas

[DOWNLOAD HERE](#)

From infectious hit songs, to poetic ballads. This most recent album is full of soul, strength and momentum. 11 MP3 Songs ROCK: Folk Rock, FOLK: Folk Pop Details: The music of Jill Stevenson reflects a depth of soul and poetic sense that reaches well beyond her 22 years. Jill was studying piano at age seven and her singing career began at the age of nine, with regular appearances in a small church that her parents helped to establish. She soon picked up the guitar and it was not long before she was singing her own songs before coffeehouse and open-mic audiences in and around her native Denver. She has already assembled an impressive catalog of original material, which blends elements of folk, R&B, funk, and pop into a hybrid that is uniquely her own. The strength, character, and versatility of her singing voice, as well as her ability as an instrumentalist are immediately apparent. Jill's passion for music brought her to New York City over a year ago. Since her arrival, she has spent most of her time working with songwriters and producers to cultivate the art of song craft she is dedicated to. Her unwavering commitment to expressing herself through music has contributed to the maturity she displays onstage. And her innate understanding of her musicianship, reveal an artist who is not only connected with her music, but also with the audiences she plays for every week. Jill is currently in the studio laying down tracks for her second album. A testament to the influence New York has had on her growth as an artist and person.
