Ambient reed flutes, swirling electronics, water - Peace Prayers in Sound 7 MP3 Songs NEW AGE: Ambient, ELECTRONIC: Ambient Details: LISTENER REVIEWS - Sensual Healing The profoundly sensual nature of Michael Joly's music is apparent in the breathy, elongated musical notation. The melodies and spatial electronic phasing heighten awareness and honesty in the listener. It is easy to let the mind float to a comfort zone and seek body comfort. The primitive instrumentation gives way to the electronic backdrop seamlessly. Pan-ethnic in nature, the melodies awaken a primeval urge to drop all pretense and free the mind and body for sensual pleasure.
