A voice that hypnotizes, a sound that you can't help but move to, and lyrics that provoke thought. 5 MP3 Songs URBAN/R&B: Soul, URBAN/R&B: Contemporary urban Details: This Brooklyn native has been singing since the age of four. She wrote her first song when she was only five years old. Yolanda comes from a family of singers and musicians. Most notable The Gap Band. Both of her parents are gifted in the art form. Yolanda says "Man all I remember as a child growing up was going to bed listening to my father's band and waking up hearing my father's band, and I LOVED it. Music courses through my veins." From an early age Yolanda set off to heal the world. Her mother recalls many times Yolanda gravitated towards a hurting soul whether she knew them or not. She just knew she wanted to make it better. She took notice of how music affected people's lives. It made them reminisce, it took away pain, it uplifts, it's calming, it heals. She knew what she wanted to do. What she was called to do. The rest is HERstory. 'Nuff said.
