Self Publishing Revealed Step By Step Guide "Ready For The Kudos & Huge Profitability Of Being A Published Author?" Step By Step Guide Explodes Publishing Myths And Reveals Simple Method To Earn From Publishing Your Own Physical Books One of the best things you can do to establish yourself as an expert in your niche is to produce a physical book. Being a published author will give you a massive amount of credence in your niche and firmly establish yourself as an expert. Being perceived as an expert in a niche has many benefits, not least of which is that it makes it easier for you to make sales and increase your profits. Another big benefit of having a published book is that you can easily create another stream of income for your business that can run almost on autopilot for you. Until now, publishing a book has ben a nightmare process. You need to contact agents and publishers and look forward to rejection letter after rejection letter (even J.K. Rowling was originally rejected by a number of publishers) and hope that someone likes your book enough to publish it. Then you need to go through the painful writing and editing process and wait for your book to be published and distributed, which can take a year or more. It's a slow process that drives many authors bananas. Of course, you could go the self publishing route. This

hasn't been much better. You spend several thousand dollars self publishing your book and then you end up with a garage full of books you have to try and market yourself! Not a pretty thought is it? This is why so many people have fallen by the wayside on the path to becoming a published author. And we've not even mentioned the pittance you get as a commission on every book sale or that you are only paid this once or twice a year most of the time. The Self Publishing Revealed program has been produced to blow away the cloud of mystique that surrounds self publishing and show you how anyone can publish a book literally in just a few hours! It doesn't matter whether you are a complete beginner or an accomplished writer, you will be able to very easily publish your own books. Of course, publishing these books brings you additional income. Publish multiple books and you can create many different streams of income. Let's not forget that with a physical book published it opens up a whole new world of possibilities for you to market your book. A physical book will open doors for you both on and offline and give you a chance to establish a huge amount of credibility in any niche. Being a published author brings a lot of kudos and as you work through the Self Publishing Revealed program you will understand just how many highly profitable opportunities it offers you. Whatever your skill as a writer you can easily become published using this step by step training program. I Though Self Publishing Was Hard? It always has been, as anyone who has looked in to self publishing will tell you. Until recently it has been a huge headache (and cost) to become self published, so much so it has put off many potential authors and kept Internet marketers well away. Recent advances in technology has made it relatively easy for you to become self published. You can literally have a physical book ready to print in just a few hours and all for less than the cost of a meal out for two. It has become incredibly affordable PLUS you can tap not only into the biggest marketplace in the world but you can also easily get your book into book shops. The Self Publishing Revealed program will show you how, as a published author, you can profit from book shops. Your local books shops are a potential goldmine for you if you know how to tap in to it. This brand new, step by step, program will show you everything you need to know to get a book published and earning for you. Amongst the many things you learn in this program are ... Identifying hot selling niches to create a book in Formatting your book for maximum results Three main ways to create a high quality book How to publish your book in just a few minutes Why physical book readers demand high quality and how you can easily give it to them How to promote your book both on and offline for maximum cash And much much more Literally in just a few hours from now you could be a published author and enjoy the many benefits this

confers upon you. Anyone can publish a book and this step by step program is your guide to becoming a published author and profiting from it. There is a lot of potential for you in self publishing and this course reveals everything to you.
