This title examines one of the world's critical issues, drug trafficking. Readers will learn the historical background of this issue leading up to its current and future impact on society. Drug farmers, producers, smugglers, dealers, and users are discussed in detail, as well as law enforcement against the illegal drug trade. Also covered are legalization of drug use, drug trafficking organizations, programs and organizations against illegal drugs, drug trafficking related to the global economy, and the cost of the U.S. war on drugs. Engaging text, informative sidebars, and color photographs present information realistically, leaving readers with a thorough, honest interpretation of drug trafficking. Features include a timeline, facts, additional resources, Web sites, a glossary, a bibliography, and an index.
