

Innovation And Technology In Korea

[DOWNLOAD HERE](#)

The Korean government believes it can turn the country into one of the top 10 competitive economies by 2010. This volume offers an in-depth analysis of the Korean innovation system and shows how its science and technology policies actually work. As Korea's economy is now reaching the status of a newly advanced economy, the book also takes a close look at ongoing structural changes in the course of economic globalization.
