In the style of Joni Mitchell comes a brand new artist singing from the heart. 12 MP3 Songs GOSPEL: Contemporary Gospel, EASY LISTENING: Soft Rock Details: This cd is my first ever and is a compilation of songs I've written over the last ten years. I first started writing when I was 13, but no one would want to hear those first songs. There are a few songs that have been written within the last year and pertain to my work as a bus driver. In fact, Why I am here, describes an encounter with a little old man crossing the road to catch my bus. It was one of the most difficult days of my life, and the Lord used that little old man to teach me exactly, Why I am here. Perhaps the most important reason for putting this cd together was to reach out to the missionaries who are supported by my home church, Calvary Chapel South in Kent, Washington. I spent a year abroad teaching English in South Korea in 1996, and learned first hand, how difficult it can be to find yourself thousands of miles from home wondering if anyone even knows you are there. It can be a very lonely, trying time. I hope these songs encourage you in your walk with the Lord, and maybe help you in finding Him. They are written from my heart as I walk and seek Him daily.

Blessings Cathy
