Melodic guitar-driven melodic pop/rock with a vocal style that walks a tightrope between soft and seductive on one side, and raw and emotional on the other. 14 MP3 Songs POP: Power Pop, ROCK: Modern Rock Details: Hey everyone! Howz ya? PLEASED TO MEET YOU! So you wanna know a bit more about me..huh? Here goes...I'm a Kiwi girl, born in New Zealand, grew up in Auckland on the North Shore but also partly Greek (the fun, fiesty type!) I have 3 sisters and I'm the "baby", I know what I like, I know what I want, I tell it how it is, I don't muck around, I'm incredibly impatient, what you see is what you get, I'm very passionate about what I believe in, I love to give and love, I love my friends and family, I'm an all or nothing kinda girl, I love people, I love horses (have my own gorgeous one who I'm totally in love with!) I'm a real Scorpio and I just have to make the most of life! Give everything a go, no regrets, branch out, step outta the box and get outta that comfort zone (whoa, kinda done that already!) I love making people laugh, I'm told im a bit of an idiot, also been told I have far too much energy! I adore anything sweet (or lets just say chocolate) Life is too short to be someone you're not! Wanna know more? Well this is how me, myself and music all started...actually pretty random, never sung before (well, not literally, ya know what i mean?) never thought of singing before (I mean I've done modeling, fashion design and other stuff, but a singer!) then one night at a karaoke bar up on the stage, having a blast with the girllies (as u do) I guess you could say I got "discovered" by a vocal coach who told me she heard something different and unique in my voice and I had the xfactor stage presence (apparently that's a plus in this industry!) and please would I work with her! I KNOW! Scarey! Ok so me being me and always giving everything a go, I gave it a go! A couple of sessions later I got put onto a recording studio..Hello!! A couple of sessions there and I got the offer to record my first single..ever!! Ahhhh!!! U know what? I mean who EVER knew, I am SO loving it, it is SO me and I am having SO much fun (entertaining, dressing up, being creative,

being a little crazy, doing exactly what I like..being me!) also.. wow, what a massive learning curve! I have written my own lyrics and have hit over 200 songs! I've made 2 music videos for 2 of the songs that will be on my album (one of which got me chosen as Kiwi Newcomer of the year on TV on New Years eve) PLUS have finished filming a story for a TV show. If you wanna see more info on me and loads more pics, go to my christinaelenniwebsite and my Street Team page on my space which is all about the fans and have the chance to do exclusive stuff with me! I would also love to start up my own XE clothing line (if i can find the time!) Phew! With my new album now finished I will be putting together my band then we will be out playing live! I Feel a bit like a runaway train at times! but hey, I love a challenge! It's full on but It's awesome and yeah it's only the beginning!! I love and appreciate your support..rock on!! Mwahhh!!
